DRIVING DIRECTIONS

GPS will often take you to the wrong turn. Instead, turn at the unmarked road (in between two white globe lights and a yellow fire extinguisher) across from McCarthy Rd. This will take you to the parking lot in front of the condo, where you can walk up straight up the stone pavers to the front door.

You can also set your GPS to this [PIN](#). We are building 7 510 on the right-hand side.

When coming from Highway 111 and driving East on San Rafael (made a left at the Tram stop light), go one street past the marked N Villa Ct sign to the yellow fire hydrant, and make a right.

CHECK IN

Without any gates to bypass, and you can park and walk four steps to the door. It's truly one of my favorite parts about this, especially with all your groceries in hand!

UNLOCKING THE SMART LOCK

1. Tap the "Yale" logo.
2. Type in your 4 digit check in code (provided to you 24 hours in advance)
3. The lock should automatically unlock.
4. If there are issues with the lock, you can also use the code 0510 for the lockbox to the bottom left of the door.
5. Press the "Yale" logo to lock again.

Set your belongings down and play some music on the record player. You are home.

DEFAULT TEMP: 74 F

Conveniently located steps away from the condo, the dumpster is easily accessible outside your front door.

LAUNDRY

Enjoy the convenience of our in unit washer and dryer. Hint: "Sportsware" mode on the dryer will take about 50 minutes!

COOL OFF

When you book a stay in our home, you'll get access to five community pools and spas.
Enjoy soaking up the desert sun!

POOLS

Indulge in a refreshing escape just steps away from your doorstep.

Take a left when you exit the condo, stroll around the building, and immerse yourself in the pool for ultimate relaxation.

If Pool 4 is under construction, the next closest one (Pool 5) is a 5 min walk away.

You can also follow this [PIN](#) for walking directions.

*Cleaning schedule:
Tues/Thurs/Sat

No key is required to enter the pool. Enjoy the pool towels and wine tumblers to stay cool!

In the event this pool is closed for repair, the next closest pool is pool 5 (see next page).

STORAGE

We prioritized smart storage to help you keep an organized environment, promoting clear headspace and motivation for living fully, even in a temporary dwelling.

CLOSET

We designed this custom closet to include a hamper, cabinets, and hanging space so to maximize storage during your stay.

*Pools 3 & 4 are heated starting from Labor Day weekend. All the spas are heated.

GAME, SET, MATCH

Unleash your inner athlete and perfect your swing with easy access to our nearby tennis courts.

Tennis courts are closed at 10 pm.

FLOW WALL DESK

Enjoy a Robert Van Embricqs contemporary piece of functional art that shifts with time: a cozy workspace during the day and a compact wall hanging by night.

DIRECTIONS

1. To open the desk, place one hand on the bottom of the wood piece, carefully angle a couple inches away from the wall.
2. With the other hand, place gentle downward pressure on the circle hole.
3. The piece will slowly hinge against the vertical slates into a horizontal position to transform into a desk.

[See this Youtube video for a visual demonstration.](#)

Kindly refrain from sitting or storing heavy items on the desk, as it will break with excessive weight.

LAUNDRY

Good news - we have an IN UNIT washer and dryer! Very few units in this complex have this, so I am excited that you'll be able to use it as well!

DIRECTIONS

The washer is on the bottom, and dryer is on the top. We've provided a starter set of Tide pods and dryer sheets.

Please note that the washer may aggressively spin, even on a normal cycle, so do not be alarmed. 😊

For a faster drying cycle, use “Sportsware” mode.

If you would like to use the washer/dryer in the building, the closest one is at the end of the building on your right, when you exit the condo. Bring coins or download the PayRange app ([Apple](#) and [Android](#))!

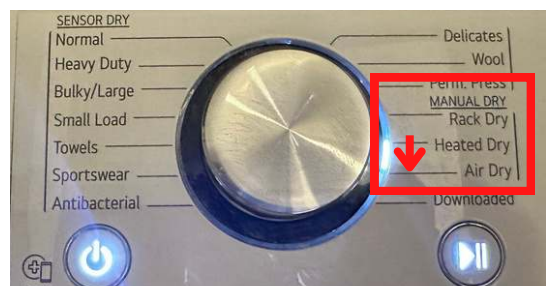

LAUNDRY FAQ

Here are some common questions and troubleshooting tips for the washer dryer.

Q: The dryer keeps stopping and beeping at me!

A: If the top left icon is flashing, this means the water tank needs to be emptied. Pull out the tank on the left-hand side and empty in the sink. Then press the Play/Pause button to resume. :)

Q: I'm in a rush. Which dryer setting should I use?

A: I would recommend "Manual Dry > Heated Dry.

Q: What setting does the light correspond to?

A: The light below the text reflects that setting. (See arrow above)

Q: The washer door won't open!

A: Sometimes, the washer needs some time

COFFEE BAR

Our coffee bar is equipped with all of the amenities you see on social media, but none of the hassle. Choose your own brew method: Pour over, Keurig, or drip coffee. We've got it all.

Need a quick cup? Brew some Peets coffee with our single serving Keurig machine. We've provided a starter set of K-cups while you get the lay of the land. (Pro tip: Grab a bag of local beans at [Koffi](#).)

We also have a drip coffee machine above the stove, Bodum tea kettle, coffee grinder, and French Press to the right of the microwave.

FRENCH PRESS

Care for some handcrafted cup of French Press coffee? Here are some instructions

1. Gather materials: French press, coffee grinder, tea kettle, scale, and a timer (all of these should either be on the counter or the cabinet to the right of the microwave).
2. Boil water.
3. Grind coffee beans.
4. Add coffee grounds: A general guideline is to use 1 tablespoon of coffee per 4 ounces (120 ml) of water. Adjust according to your desired strength.
5. Add hot water.
6. Stir: Gently stir to fully immerse coffee grounds in the water.
7. Steep: Place the plunger/lid on top, but don't press down yet. Wait 4 minutes.
8. Press: Slowly press down the plunger until it reaches the bottom.
9. Pour and enjoy: Pour the brewed coffee into your cup. Avoid leaving the coffee in the French press, as it can continue to extract and become over-brewed.

That's it! You have successfully made coffee using a French press. Remember to clean the French press thoroughly after use to maintain its longevity and ensure the next brew is fresh-tasting.

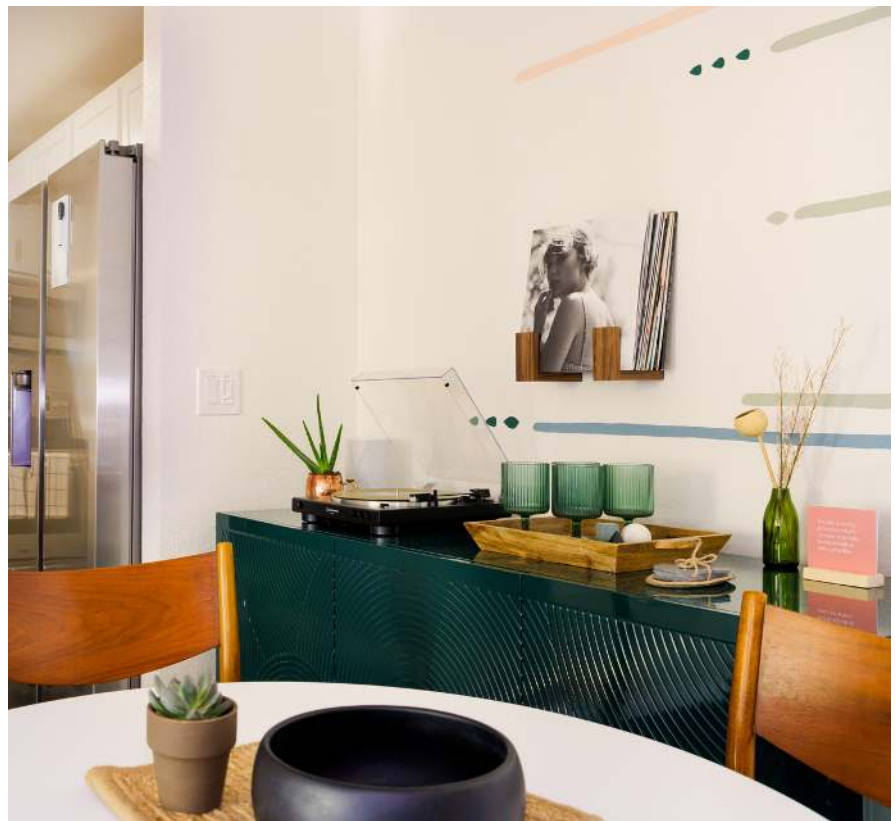

*Please avoid pouring the grounds in the garbage disposal as it can cause plumbing issues!

RECORD PLAYER

Indulge in the nostalgic charm and immersive sound experience of our record player paired with our Sonos Era 100 bluetooth speaker.

DIRECTIONS

1. Carefully remove your record of choice from the sleeve by the edges.
2. Lift the clear plastic cover and gently place the record.
3. Press the Start button and wait a few seconds for the turntable to spin.
4. Adjust the volume on the Sonos to your desired listening level.
5. To stop playback, press the Stop button.
6. To switch out records, wait for the record to stop spinning.

*Note: Please handle vinyl records with care, avoiding touching the playing surface for optimal sound quality.

MAIL

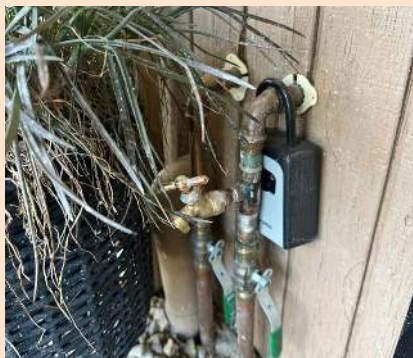

Typically Amazon will deliver packages to the front door, but sometimes they get confused with GPS, so just be on the lookout!

DIRECTIONS

1. When you walk out of the condo, make a right.
2. Walk past the pool.
3. Keep walking to the street where the GPS takes you (the wrong turn).
4. We are mailbox #16 on 1661.

Mail key is in the lockbox to the left of the front door. Code is 0510.
